Hello, I'm currently a CS student seeking work experience to expand my technical knowledge and skills in **User Experience and Web Design**.

Taking part in modules, ranging from Human-Computer Interaction and Qualitative Methods for Investigating UX to Technology in Context, I've grown appreciation for working with others, studying the use of situated technologies in different contexts and understanding different research methods.

EDUCATION

BSc Computer Systems | University of York

Oct 2021 – June 2024

Including Modules: Human-Computer Interaction 1 & 2 at 76% and 78% respectively, and Engineering 1 at 78%.

Bolton School Boys' Division

Sept 2018 - June 2020

A-Levels: Mathematics, Computer Science, Physics

AS Level: Business

Grade A EPQ on Conway's Game of Life

Bridgewater School

Sept 2011 - June 2018

GCSEs: 11 A*-C including DT, ICT, Maths and Physics

WORK EXPERIENCE & VOLUNTEERING

App Development Club Mentor | Bolton School

2018-2020

- Aided with any technical issues with the head teacher and over 20 students.
- Took part in activities, gave advice and suggestions for future projects.

Data Assistant | Cohesion Legal Services

July 2017

- Collected, organized, and stored data
- Used IT skillset to gather research
- Utilize a detailed system while giving assistance to co-workers by providing personal viewpoints.

HOBBIES AND INTERESTS

Webmaster, Refreshments Deputy Manager & Projectionist | York Student Cinema

Oct 2022 - May 2024

- Responsible for managing and updating the YSC website.
- Setting up systems, ingesting films into the projector and managing the screening.
- Running the refreshments stand three times a week with set-up, selling stock, customer service and keeping track of inventory.
